SAVE OUR HEALTH CARE!

We are escalating our fight for health care to Albertson's!

The Grocery Negotiations have reached a critical stage, as the companies continue to insist on damaging cuts. Although UFCW has already made proposals saving the companies over \$150 million dollars, it is not enough. We are at a critical point in our negotiations and our deadline is next Monday.

We need your support by joining us for an Emergency Day of Action this Thursday at the Albertson's store at 3250 Lakeshore Avenue in Oakland. UFCW grocery workers will deliver their message to Safeway and Albertson's: "Don't Take Away Our Health Care!"
