No police state in Oakland!

Police are planning to use \$7 million dollars of federal money towards a state of the art surveillance system that will filter social media, car license plates, surveillance cameras, and phone calls all in a central location. In the wake of the Oscar Grant, Trayvon, and Occupy revolts, as well as an effort to further gentrify the bay area, police are pushing for more control over our daily lives. Come to the Oakland City Council to demand that such a plan be dropped forever!

Tuesday, November 19th

Rally 5:30 PM - Oscar Grant Plaza,

14th and Broadway, Oakland

No curfews, no gang injunctions, no drones, no police terrorism!
