

FROM ALABAMA TO CALIFORNIA:

PRISONERS ARE STRIKING NATIONWIDE SEPTEMBER 9 TO END PRISON SLAVERY & WHITE SUPREMACY

TAKE THE STREETS IN SOLIDARITY!

Slavery is alive and well in the prison system, but by the end of this year, it won't be anymore. This is a call to end slavery in America. This call goes directly to the slaves themselves. We are not making demands or requests of our captors; we are calling ourselves to action. To every prisoner in every state and federal institution across this

land, we call on you to stop being a slave, to let the crops rot in the plantation fields, to go on strike and cease reproducing the institutions of your confinement. This is a call for a nationwide prisoner work stoppage to end prison slavery, starting on Sept. 9, 2016. They cannot run these facilities without us.
