Sunday Morning at the Marxist Library

Honduras & Colombia

Models of US Control; violence, poverty and displacement

Our speakers, **Alice Loaiza & Diana Bohn**, will discuss two of many US wars around the world. Colombia and Honduras are two Latin American countries that for many years have been targeted by the US to put forth US policy and intervention in Latin America. The US has invested in internal political control of these countries and converted them into intelligence and military centers for the rest of the region. Sponsored by the Task Force on the Americas.
