

# ***Koffee Klatch* POLL**

- **City Manager Huffaker** signed a March 3 staff report to the City Council stating the new **Camping Ban** was now “**enforceable**” because the Benchlands was adequate shelter in spite of the *Martin v. Boise* [no tickets without shelter for all] decision. **Police and city workers** under his direction have been **sweeping other large encampments**, dispersing them and directing them to the Benchlands under threat.
- Huffaker’s Quarterly Update also announces the **Benchlands will be “cleared” this summer**. Sources close to Benchland management confirm this deadline. Benchland residents report being told the eviction deadline is imminent. **All this with no place to go.**
- **HUFF** (*Homeless United for Friendship & Freedom*) proposes **regular coffee at City Hall during business hours** to wait to speak to individual City Council members and Mayor regarding the problems of living outside.

Please give your reaction to these demands. *On a scale of 1 to 5, with 1 being the most disagreement, and 5 being the most agreement.*
