

Mountain Community Resource Center: Calling Cops on Sick & Disabled Outside Nearby?

- Why did the Center instruct sheriffs to accost people under their eaves or by their building after a week of frosty and freezing temperatures?
- With no shelter available in San Lorenzo Valley, did the sheriffs force a man with a fever out of his tent on the edge of the Center's property because of that Center Trespass instruction?
- Did the sheriffs then handcuff, brutalize, & arrest an elderly woman videoing the eviction, damaging her shoulder and preventing her videoing of the 1-28 incident?
- Is the Center in effect using the sheriffs as "goon squads" to frighten away those setting up nighttime survival tents with the false narrative that there is "adequate shelter" in Santa Cruz?
- Is the Center and its parent organization Community Bridges remaining silent while sheriffs illegally drive away homeless folks sleeping on public property with no other place to go?

Ask these questions. Require fair treatment of those outside.
