

Felton Sheriff's Policy: Hide Out or Get Out ? !

Is Resource Center Colluding with Deputies?

- With no shelter available in San Lorenzo Valley, did sheriffs force a disabled man with a fever out of his tent and into the cold in spite of his condition with a “homeless go away at night” Trespass letter?
- Has the **Mountain Community Resource Center [MCRC]** withdrawn this January 27th trespass letter that empowered 4 sheriffs to brutally handcuff and manhandle a 70-year old woman for videoing them as they bullied the homeless man from his tent at 1:30 AM on Saturday 1-28?
- Is Sheriff Hathaway authorizing armed accosting of unhoused folks in Felton in violation of the Federal Court's *Martin v. Boise* decision instead of ensuring that they have a public shelter to go to?
- Is it now his policy to punish those videoing sheriff misbehavior with \$1000 fines & a year in jail?
- Is the Center using the sheriffs as “goon squads” to frighten away those setting up nighttime survival tents with the false narrative that there is “adequate shelter” in Santa Cruz—which there is not?
- How much Center & its parent organization Community Bridges' funding reaches homeless folks?
